

Dear Water Resource Control Board,

I am writing to you ~~to~~ <sup>to</sup> voice my concerns about the water in the Bay delta. I am a California Native and have grown up visiting the rivers that feed this body of water. The Bay Delta is the largest estuary on the west coast. It supports 500 species of wild life.

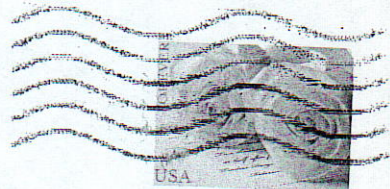

I ask that you ~~to~~ <sup>to</sup> stand strong and support 50% unimpaired flows. You have my full support in this fight to preserve the San Joaquin River's natural flow.

Best,  
Mertie
