### **§ 879. Reporting.**

(a)(1) The Deputy Director may issue an informational order, as provided in paragraph (2), in any of the following circumstances:

(A) Upon receipt of a complaint alleging interference with a water right by a water right holder, diverter or user that staff determines to merit investigation;

(B) Where a water right holder, diverter or user asserts a right to divert under a pre-1914 or riparian right in response to an investigation, curtailment order or any notice of curtailment, and no statement(s) of water diversion and use required by Water Code, division 2, part 5.1 for such right was on file with the Board as of January 17, 2014;

(C) Where a water right holder, diverter or user fails to respond to an investigation, curtailment order or any notice of curtailment, or responds by asserting a right to divert under a contract or water transfer for which the Board has not approved a change petition and for which no record has been filed with the Board; or

(D) Upon receipt of information that indicates actual or threatened waste, unreasonable use, unreasonable method of diversion, or unlawful diversions of water by any water right holder, diverter or user.

(2) The Deputy Director may issue an order under this article requiring a water right holder, diverter or user to provide additional information related to a diversion or use described in (a)(1), including the claim of right; property patent date; the date of initial appropriation; diversions made or anticipated during the current drought year; basis of right and amount of water transfer not subject to approval of the Board or Department of Water Resources; or any other information relevant to authenticating the right or forecasting use and supplies in the current drought year.

(3) Any party receiving an order under this subdivision shall provide the requested information within thirty (30) days.
