		to	\$ 4,948,000,000

**Data from agencies responding June 14th request from USBR Mid-Pacific Regional Director David Murillo

SLDMWA Asks

- 1) Public water agencies be integral part of emergency management:
 - a) PWAs have unique capacity to:
 - i. Develop resources;
 - ii. Adjust demands;
 - iii. Provide expertise.
 - b) PWAs have unique, unrepresented responsibilities to serve the public.
- 2) Release reserved water as soon as possible.
- 3) Facilitate agreeable outcomes.

Food Grows Where Water Flows

Thank you for this opportunity
