Experience

Chief of Water Rights Enforcement, State Water Resources Control Board

January 2018 to Present

Supervised 30-25 FTE. Responsible for enforcing California's water right system (approximately 40,000 water rights statewide). Outreach, education, and compliance with water rights laws and regulations.

Senior Engineer, State Water Resources Control Board

December 2014 to December 2017

Supervised 3 FTE. WaterFix change petition hearing team. Provided technical assistance to hearing officers and participants. Monitored compliance conditions in the Bay-Delta.

Supervised 5 FTE. Helped create and lead the Office of Sustainable Water Solutions. Provided technical, managerial, and financial assistance to small, economically disadvantaged drinking water systems.

Associate Engineer, California Department of Public Health

March 2013 to November 2014

Provided technical, managerial, and financial assistance to drinking water systems in southern California and the eastern Sierras. Regulated two drinking water systems.

Staff Engineer, State Water Resources Control Board

January 2007 to February 2013

Project manager for wastewater and recycled water infrastructure projects. Co-authored update to the Bay-Delta water quality control plan.
