

To whom it may concern,

I am a junior high science teacher and have just finished teaching a unit on California agriculture. The students were so excited and proud to learn how famous and vital our area is in all aspects of agriculture.

DO NOT JEOPARDIZE CALIFORNIA AGRICULTURE BY REDUCING ITS LIFE SOURCE, WATER, IN ANY WAY.

Please know that MANY of us voters will be watching closely to see how our elected officials handle this issue.

Thank you so much for your kind
and thoughtful consideration.

Monica Corriea
