Attachments: 2015-Aug Report on CCWD-BBID Transfers.pdf

Hi Paul,
 Yes, the BBID transfer started on the 4th, and has been progressing off and on for the last month or so. Attached is the report for the month of August (which I sent to your Deputy Director via email in spreadsheet form). Also, here is the schedule of transfers through next Tuesday (we are scheduled to run the transfer for 72 hours over the weekend). We anticipate completing this transfer in a few more weeks.

Please let me know if you need more information,
 Lucinda

Subject: Transfer of Water from Contra Costa Water District to Byron Bethany Irrigation District

Good Afternoon Ms. Shih,

My name is Paul Wells and I work for the Division of Water Rights at the State Water Resources Control Board. I am writing to follow up on an email you sent to Kathy Mrowka on July 30th of this year.

Would you please send me information on the water transfer between the Contra Costa Water District and Byron Bethany Irrigation District? I believe the transfer started on August 4th. I am looking for the dates during which the water transfer occurred and the amount of water transferred during each day.

Thank You,

Paul Wells
