Application 301 - Permit 270 - License 1381

The West Side Irrigation District
Tracy, California

Gentlemen:

There is enclosed herewith License 1381 issued September 29, 1933. This license is the final confirmation of certain rights of appropriation initiated April 17, 1916, by the filing of Application 301, which application has hitherto been approved by the issuance of Permit 270.

The amount of water named in this license has been reduced from the amount named in the permit to the maximum amount found to have been put to beneficial use in the years 1930, 1931 and 1932 as shown by the Sacramento San Joaquin Water Supervisor's records.

If the development work as planned is not yet complete and it appears that more water will be used for irrigation purposes a new application should be filed for the additional water required.

Copy of certificate of filing in the office of the county recorder is enclosed. Receipt for the 75¢ filing fee transmitted with your letter of September 6, 1933, is also enclosed.

Very truly yours,

HAROLD CONKLING

Deputy in Charge of Water Rights
