**Subject:** Water Rationing

August 26, 2009

To: State Water Resources Control Board

Your method of rationing water to the Carmel area is totally unfair. Our home there is a vacation home and we are only there a few weeks a year, as are many home owners in that area. A fairer method of rationing would be an allotment which could be used by the homeowner as he/she sees fit. Most of our water would be for the landscaping since we are not there all the time. Please consider this.

Sincerely, Nancy Luenberger
