

**SUMMARY OF PROFESSIONAL QUALIFICATIONS OF  
GERALD E. JOHNS**

**EDUCATION**

Bachelor of Science in Zoology, June 1972, University of California, Davis

Master of Science in Freshwater Ecology, December 1973, University of California, Davis

**CURRENT EXPERIENCE**

Deputy Director of the Department of Water Resources (DWR) for Water Management and Planning, overseeing statewide programs for DWR including Planning and Local Assistance, Bay-Delta Planning, Water Use Efficiency and Water Transfers, Environmental Services, Colorado River and Salton Sea since August 2004. Previous to becoming appointed as Deputy Director, served as Chief of DWR's Water Transfers Office from June 2001 and acting Deputy Director beginning in January 2004.

**PREVIOUS EXPERIENCE**

Over 27 years with the State Water Resources Control Board (SWRCB) including 16 years as the assistant chief of the Division of Water Rights (1985-2001), six years as Program Manager of the Bay-Delta Program (1979-1985), Environmental Specialist for the Bay-Delta unit for three years beginning in 1976 with the 76-77 drought and finishing with the 1978 Bay-Delta Water Quality Control Plan and water right Decision 1485, Environmental Specialist in monitoring and surveillance for two years (1974-1976).

During this time at the SWRCB, worked on many issues including water right applications and petitions and their environmental review, water transfers, water rights complaints, Bay-Delta Plans and Water Rights Decisions, numerous other water right hearings and decisions including Mono Lake and the development of the Technical Committees Report on the Regulation of Agricultural Drainage in the San Joaquin River Basin.
