

**Statement of Qualifications of
DAVID HOGAN**

1989 – 1993

DIRECTOR, SAN DIEGO BIODIVERSITY PROJECT

Responsible for evaluation, research, monitoring and advocacy for biologically significant resources in the San Diego County region, including: design of nature preserves, biological corridors, endangered species advocacy. Reviewed proposed development projects, provided comment and testimony on impact analyses, adequacy of wildlife protection, and conservation alternatives. Conducted research, provided comment and successfully petitioned for federal protections for 10 endangered species in San Diego County, including the California gnatcatcher.

1993 – Present

**URBAN WILDLANDS / RIVER PROGRAM COORDINATOR, CENTER FOR
BIOLOGICAL DIVERSITY**

Extensive policy, legal, and biological science work. Conducted research and provided testimony and comments on San Diego Multi-Species Conservation Plan (MSCP), San Diego Multi-Habitat Conservation Plan (MHCP), the Southern Orange County Natural Communities Conservation (NCCP), Lower Colorado River MSCP, Department of Interior (DOI) water banking rule, DOI Interim Surplus Criteria, Endangered Species Act Consultation between U.S. Fish and Wildlife Service (USFWS) and US Bureau of Reclamation.
