

Feb 5 2010

To the Board;

I am only one person but I would really appreciate it if you seriously consider returning Kern River to its chosen path.

Kern River is truly a majestic river roaring down through the Kern Canyon, racing past Hart Park and then it runs into the canal system. After that if we want to see it - we look in one of the numerous canals.

We have 3 parks and a path along the river bed that links those parks. It would be nice to have the river flowing along side that path again. To listen to it - smell it and feel the breeze blowing across it.

Sincerely  
Evelyn Ernst
