Ontiveros Appraisal

February 8, 2010

Jeanine Townsend, Clerk to the Board State Water Resources Control Board.

Dear Madam:

I strongly support the effort to resume the continuous flow of water in the river bed that runs through the city of Bakersfield. I am a life long resident of Bakersfield and remember when the Kern River flowed almost year around through the city. It was a wonderful source for local water recreation and it also added to the aesthetics of our community. We want our water back in our water way. Please bring this to the attention of those how have the power to make this happen.

Sincerely,

Gregory P. Ontiveros
