

2/16/10 Bd. Mtg.
Kern River
Deadline: 2/9/10 by 12 noon

Comment Letter - 2/14/10 Board Meeting
item: Order - Kern River

Since it has been deemed that water is available on the Kern River, I strongly support the City of Bakersfield application to purchase water down the river. This will help replenish the aquifer, provide recreation and restore the natural environment. It will add

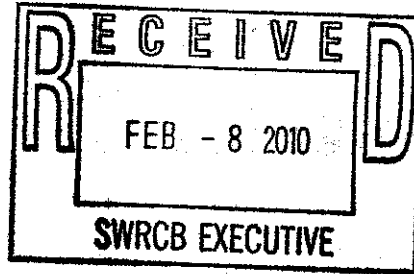

so much beauty to a place that is
now a dry, dusty inland.

Please consider the good that this
unappropriated water will do.

Sincerely

Mary H. Durbin
