Kern River
Deadline: 2/9/10 by 12 noon

2-4-10

Comment letter 2-16-10

Board Meeting Item:

Order: Kern River

Jeanine Townsend

Clerk-Board

State Water Resources Control Board

PO Box 100

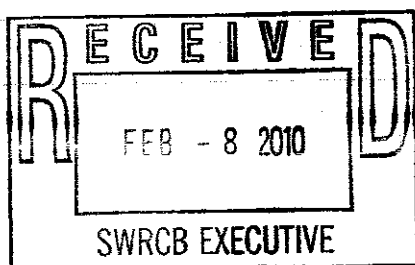

Sacramento CA 95812-0100

Please relay my comments to the Board. I remember moving here from San Francisco in 1982. The Kern River had water. Like a San Antonio.

I want to see it this way always. I agree with the staff findings that this water is available. I support our city's application to run the available water down the riverbed of the great central valley's southern most city.

It will restore the natural environment, be great for commerce + recreation and contribute to replenish the aquifer.

I look forward to seeing the San Antonio of the great Central Valley. Thanks.
