Subject: COMMENT LETTER 2/16/10 BD. MEETING ITEM: ORDER-KERN RIVER

I have lived in Bakersfield since 1962 and could care less if there is no water running through the downtown area most of the year. It is much more important to use the water for crops and animal husbandry than for beauty or city pride.

Please do not let the newspaper or any group put agriculture and food supply in danger to make the river beautiful in downtown Bakersfield.

Robert A. Campbell
