

**Exhibit MMR-10 Photographs of Firefighting Activities and Wildfire Impacts at  
Marble Mountain Ranch during July-September 2017**

Exhibit MMR-10 Photograph #1 Depicting smoke from the nearby fire shown behind the greenery that surrounds Marble Mountain Ranch. The greenery is maintained through Marble Mountain Ranch water use. In the foreground, the picture shows Marble Mountain Ranch structures, and firefighting personnel and equipment.

Exhibit MMR-10 Photograph #2 Hoses set up by the Forest Service Firefighters to withdraw water from the diversion for firefighting efforts.

Exhibit MMR-10 Photograph #3 Forest Service Firefighter monitoring a pump that is pumping water from the diversion to fill fire engines.

Exhibit MMR-10 Photograph #4 A pump is set up to pump water from the diversion to fill fire engines for fire suppression efforts.

Exhibit MMR-10 Photograph #5 Firefighter trucks and equipment congregate at Marble Mountain Ranch during fire suppression efforts in July 2017.

Exhibit MMR-10 Photograph #6 A portion of the firefighters at Marble Mountain Ranch during fire suppression efforts in July 2017.

Exhibit MMR-10 Photograph #7 Forest Service personnel removing fire debris from the diversion ditch during fire suppression efforts in July 2017.

Exhibit MMR-10 Photograph #8 The diversion following some cleanup efforts after a wildfire come close enough to Marble Mountain Ranch to require evacuation in July 2017.
