ATTENTION: Mr. Harrison Smitherum
Supervising Hydraulic Engineer

Dear Sirs:

Receipt is acknowledged of your letter of June 1, 1951, concerning our applications Nos. 5169 and 6534. At the time of your Mr. Wheeler's visit to this office, I requested that he send me a detailed letter giving the reasons for not allowing these applications. In your letter of June 1, 1951, no such information was given.

My recollection of the reason given was that we had never put to beneficial use the entire amount of water requested in said applications. Mr. Wheeler had in his possession at the time of his visit here, some maps or plats showing curves indicating the amount of waters used or released each year. I would appreciate very much a copy of these curves and will be willing to pay for the cost of printing the same. My reason for wanting a copy of these maps is that from my records I cannot understand how he arrived at this conclusion; that is, that we have never used the amount of waters requested in our applications. I will state that this matter was taken up with the Board of Directors at their last regular meeting and the matter was referred to our Attorney who wants the information requested in this letter.

Thanking you in advance, I am

Yours very truly,

Chester C. Taylor

CHESTER C. TAYLOR
ENGINEER-MANAGER
