Gentlemen:

About March 15th of this year we filed with your office a protest against the granting of Application No. 9247, and storage permit No. 5392, on Petition to Change Points of Rediversion by the Sierra Pacific Power Company of Reno, Nevada on certain waters of the Truckee River system.

The Power Company has agreed to install the necessary measuring devices, so we wish at this time to formally withdraw our protest to the granting of this Petition.

Yours truly,

  
H. B. Richards,  
Irrigation Superintendent
