Subject: Staff Exhibits

The Division's customary practice is to provide the parties with a List of Staff Exhibits to be offered into evidence, by reference, along with the Hearing Notice. However, because of an oversight, the attached list was not included in the Hearing Notice. Therefore, by this email, attached for your information is the List of Staff Exhibits to be offered into evidence during the Hearing on the San Joaquin River Group Authority Petitions to be conducted on April 23 and 24, 2003. The ArcView shape files referenced in Staff Exhibit 7 are also attached.
