

**PUBLIC NOTICE FOR
CLEAN WATER ACT 401 WATER QUALITY CERTIFICATION
BEFORE THE STATE WATER RESOURCES CONTROL BOARD
DIVISION OF WATER RIGHTS**

A request for a water quality certification (certification) under section 401 of the Clean Water Act for the following project was filed with the State Water Resources Control Board (State Water Board). California Code of Regulations, title 23, section 3858 requires the Executive Director of the State Water Board to provide public notice of an application for certification at least twenty-one (21) days before taking certification action on the application. The notice period may be shortened in an emergency. Written questions and/or comments regarding the application should be directed to Philip Meyer:

PROJECT:	Jackson Lake Dam Toe Slope Protection and Fish Flow Weir Replacement Project
APPLICANT:	Nevada Irrigation District
CONTACT:	Sara Reece
COUNTY:	Nevada
PUBLIC NOTICE:	April 11, 2023

PROJECT DESCRIPTION: On March 28, 2023, Nevada Irrigation District (NID) submitted a request for a water quality certification for the Jackson Lake Dam Toe Slope Protection and Fish Flow Weir Replacement Project (Project). Jackson Lake Is a part of Nevada Irrigation District's Yuba-Bear River Hydroelectric Project (Federal Energy Regulatory Commission Project 2266). The Project consists of dewatering the work area; removal of accumulated sediment and installation of new slope protection (L-shaped steel plate above the low-level outlet); removal of the existing fish flow weir and stilling well; and the installation of a new fish flow weir.
