---

Gentlepersons:

Endangered Habitats League (EHL) appreciates the opportunity to comment. For your reference, EHL is a Southern California regional conservation group.

*We support for the full removal of the lower four Klamath River dams.*

The DEIR supports dam removal as the best option for water quality. Removal is also best for fisheries, yet removal will not affect agriculture. The dams are also not needed for flood control.

All evidence points to removal of all four dams.

Thank you

Dan Silver, Executive Director
