**Subject:** Please remove the dams  
**Date:** Monday, February 4, 2019 4:07:11 PM

---

To who it may concern,

I believe it is vitally important to remove the dam's that have affect native fish and wildlife for far to long. Hatchery's don't work and I am tired of paying for them.

Please consider removal for the future generations, if you don't it will be on your watch. You have a chance to make a change for the better, can you live with that possibility of loosing a natural resource for ever? I couldn't.

Give Nature a chance.
