Subject: Remove the Dams: Lead the World
Date: Tuesday, February 5, 2019 10:03:12 AM

Dear State Water Resources Control Board,

How incredible it must be for you to sit in a position, at this moment in time, capable of making a decision that is going to **MAKE HISTORY!** You are too well aware of the **BENEFITS TO NATURE** for me to even discuss them. You also know that **ALL STAKEHOLDERS AGREE** that dam removal is required. **SIEZE THIS MOMENT!** Show the world that California knows how to make the hard decisions and **LEAD THE WORLD** by removing the Klamath dams. When you do, the **WORLD WILL FOLLOW!**

So proud to be witness to this moment,

Marc Umeda
