**Subject:** Clean Water in the Klamath Depends on Dam Removal

Dear Staff and Members of the California State Water Board,

Those dams perpetuate colonization and the systematic genocide of the indigenous people. The Hoopa, Karuk, and Yurok have been stewards of the Klamath river for thousands of years, and it has never been in a poor state like it is. The water and everything in the river is disgusting because of those dams. Do the right thing, and remove them.

Stanton Wood
