

**PUBLIC NOTICE FOR
CLEAN WATER ACT 401 WATER QUALITY CERTIFICATION
BEFORE THE DIVISION OF WATER RIGHTS**

An application for water quality certification under section 401 of the Clean Water Act for the following project was filed with the State Water Resources Control Board (State Water Board), Division of Water Rights. California Code of Regulations, title 23, section 3858 requires the Executive Director of the State Water Board to provide public notice of an application at least twenty-one (21) days before taking certification action on the application. Written questions and/or comments regarding the application should be directed to:

RECEIVED:	May 10, 2012
PROJECT:	Tributary 3 Bypass Facility
APPLICANT:	Peter Michael Winery
CONTACT:	Michael Vondergeest, ICF International
COUNTY:	Sonoma
PUBLIC NOTICE:	May 25, 2012
PROJECT STATUS:	Pending

PROJECT DESCRIPTION: The Peter Michael Winery has proposed the Tributary 3 Bypass Facility Project as a means to comply with the *California Department of Fish and Game / National Marine Fisheries Service 2002 Draft Guidelines for Maintaining Instream Flows to Protect Fisheries Resources Downstream of Water Diversions in Mid-California Coastal Streams*. The applicant is proposing to construct a water diversion facility and bypass pipeline to carry the February Median Flow past their onstream reservoir and to the stream channel named Tributary 5 below the onstream reservoir dam. The bypass pipe would be buried under an existing gravel pathway along the reservoir and connect a 12-inch pipe running from the reservoir bottom to Tributary 5.
