**Subject:** Pit 1 Whitewater Flows

Peter Barnes,

My name is James Reed and I am both a healthcare provider in the state of California and an enthusiastic whitewater kayaker. I have paddled the Pit River 1 section several times and enjoy it as a recreation resource immensely. The summer flushing flows afford area paddlers the opportunity to enjoy a beautiful river when little else is running. I hope that you recognize the value that this resource gives to the paddling community and continue the summer flows. The Pit is a river best seen from a whitewater craft and one that I hope will continue to be available to the paddling community in the summer months.

Thank You.

James Reed
