Hello,

Please see the following formal request from Save California Salmon for a Humboldt County/Eel River public hearing for the Potter Valley Project 401 certification NOP hearing. Please note the current "local" hearings are all located at least an hour and a half, or up to 3 hours from Eel River population centers and one is located in a hostile community.

We appreciate your work on this issue and consideration of our concerns.

Sincerely,
Regina Chichizola

Subject: Potter Valley Project EIR Scoping Meetings

Caution: External Email. Use caution when clicking links or opening attachments. When in doubt, contact DIT or use the Phish Alert Button.

Hi Parker and Wilhelmina,
I saw the Notice of Preparation for the PVP today. Based on discussions CalTrout has had with various interested parties, I would recommend that the Board offer a scoping meeting in Humboldt County if at all possible. I see you are offering a virtual option, but I think an in person offering further north and downstream of the project would be well received.

Best,

Charlie Schneider
