My wife and I are vehemently opposed to the Thermal Curtain Project for Lake Almanor! This is a ludicrous plan that would ultimately ruin Lake Almanor: it's beauty, it's world class fishing habitat, and the economy of Plumas County and do nothing for a small stretch of the Feather River some 70 miles downstream. It is NOT an acceptable trade off!

We totally concur with the Testimony of the Honorable Wally Herger, 2nd U.S. Congressional District as presented, in writing, at the CEQA Scoping Workshop at Chester, CA September 27, 2005.

Sincerely,  
Herbert & Sharon Weslar
