You were at the meeting, your proposal makes no sense and I believe the local population proved that.

I am opposed to the Water Board staff recommendation in the EIR.

Sincerely,

Mark Manning

I am a Lake Almanor fisherman and I am completely against this. Your claim of no significant impact is completely and totally wrong. There would be significant impact to wildlife, plants, local businesses, etc., our way of life.

I am opposed to the Water Board staff recommendation in the EIR.

Sincerely,

Mark Manning

Thermal Curtains in Lake Almanor are a mistake of which we will all pay for.

I am opposed to the Water Board staff recommendation in the EIR.

Your proposed plan provides no accountability to the people in our area that will be impacted by this decision. You are not even certain this is going to work and yet you are willing to impact peoples lives, wildlife, plant life, air quality, cultural resources????? Not to mention the cost. THIS IS WRONG!

I am opposed to the Water Board staff recommendation in the EIR.

Sincerely,

Mark Manning
