Mr. Peter Barnes, Engineering Geologist
State Water Board Resources Control Board
Division of Water Rights
Water Quality Certification Program
P.O. Box 2000
Sacramento, CA 95812

Dear Mr. Barnes,

On behalf of the Plumas Association of REALTORS® Board of Directors, I'm writing to express our concerns regarding the Upper North Fork Feather River Hydroelectric Project.

The board does not agree with the State Water Board's staff recommendation for adaptive management and a reservation of authority that could require thermal curtains to be installed at Lake Almanor and Butt Valley Reservoir.

The directors are concerned such measures will destroy the local fishery and have adverse impacts on recreation and the local economy.

Thank you for considering the board's opinion on this matter.

Sincerely,

A handwritten signature in blue ink that reads "Carol Yeater".

Carol Yeater
