Subject: Monterey Peninsula: CDO Modification Hearing

Mr Matthew Quint
State Water Resources Control Board
Division of Water Rights

Dear Mr. Quint:

Please accept the Changes CAL AM, the MPWMD, and the MPRWA have requested to your staff's preliminary recommendation. The conditions they request are the product of two years of negotiation with diverse stakeholders and are supported by environmental and community groups. It is a compromise that protect the river and the people of the Monterey Peninsula.

I have lived on the Monterey Peninsula since 1975. I have learned to conserve water over the years. In the last two years I can personally attest to the fact that I am on reduced water usage and so are my neighbors and friends. For example, I often use dry shampoo. I clean my dishes with paper towels before washing to save water. (not so good for tree conservation, I admit.) I have no lawn and have greatly reduced the plants in the garden. I water the garden with recycled water from bathing.

Thank you for your consideration.

Welcome to visit our peninsula to see for yourself.

Sincerely,

Ellen Gannon

I am Grateful for Referrals.
